Positive: The hotel is highly regarded for its outstanding service, delicious and varied breakfast, and a stunning rooftop infinity pool with panoramic ocean views, all within walking distance of the beach and popular cafes.

Neutral: Rooms are compact at 32 square meters and lack bathtubs, and while the resort offers basic amenities like a kids' club and spa, some guests find the on-site dining unremarkable.

5 OPPORTUNITIES

1 Capture broad discovery demand
Holiday Inn Resort Bali Canggu ranks #32 in broad search with 1.3% SOV, while Blossom Eco Luxe Villas By Ekosistem leads at 8%. Build broad discovery content that connects the property to category-level searches before users search by name.

2 Make branded search more consistent
Holiday Inn Resort Bali Canggu appears in 16/40 branded-search posts (40%). Add official-page and KOC content that repeats the full hotel name, location, and distinct proof points so branded queries reliably surface the property.

3 Turn positive sentiment into proof
Users already respond positively to: The hotel is highly regarded for its outstanding service, delicious and varied breakfast, and a stunning rooftop infinity pool with panoramic ocean views, all within walking distance of the beach and popular cafes. Convert that proof into KOC briefs, pinned UGC, and official posts so the strongest praise appears in search results.

Near-term goal: move from 34 / 100 to 46-56 / 100 through keyword-led content, KOC proof, and stronger brand association.
